Why Aquatic Exercise?

Whether you are new to exercise, or maximally fit, aquatic exercise is an excellent and diverse form of fitness training. This exercise form utilizes the resistant property of water to yield a challenging workout, with minimal impact on the joints.

Classes are geared toward a range of ages and conditioning levels, in order to address individual fitness goals. Aquatic exercise is safe, fun, and effective! Use of buoyant equipment increases cardiorespiratory fitness, as well as muscular strength, toning, and flexibility.

Classes are conducted in either a 4-foot deep pool (about chest deep or less) and/or the deep pool, using flotation belts. Aqua shoes are required. Dumbbells, flotation belts, and steps are provided. If you have not considered aquatic exercise please give us a try.

Lifeguards are present during the class

- 3) It is your responsibility to check on the availability of facilities before paying. Classes have priority. No refunds will be given after the activity has begun.

Pool Rules:

- 1) Patrons are not to enter the pool area if a lifeguard is not present.
- 2) Running, pushing, or rough play is not allowed.
- 3) Lanes may be pulled for programs at the discretion of the Recreation Division.
- 4) Please exit the pool from the ladder closest to you. In order to avoid accidents, do not swim under lane lines when leaving lap swim; walk to the ladder.
- 5) Please stay off lane lines.
- 6) Do not engage guards in unnecessary conversation while they are on duty.
- 7) Patrons are requested to observe all the rules and follow the instructions of the staff on duty.

Diving Rules:

- 1) Diving is only permitted in the diving pool.
- 2) ALL CHILDREN WILL BE TESTED. A child must swim 25 yards nonstop using only breast-stroke or front crawl. This must be done to the satisfaction of the guard on duty.
- 3) All divers must surface immediately after their dive and swim over to the far ladder.
- 4) Only one person at a time on the diving board.

The following rules and regulation are required for the safety of all participants at the War Memorial Facility

- 5) No one may catch another swimmer who is going off the diving board, regardless of age.
- 6) The diving tank is not for lap swimming.
- 7) The diving tank is not available at all times, so please check with the desk staff before purchasing a ticket.

Pool Etiquette:

- 1) All patrons are to shower before entering the pool per order of the Health Department.
- 2) Patrons are required to return all equipment to its proper location.
- 3) Lanes are marked for speed; therefore, patrons are to choose the lane appropriate for their ability, fast lanes are for high performance swimmers. Patrons requested by staff to change lanes need to do so immediately.

- 5) All patrons need to leave the pool on time.

Children:

- 1) No males over the age of 5 are allowed into the women's locker room, and likewise, females over the age of 5 are not allowed in the men's locker room.
- 2) Children under 4 can not be admitted into family swim if not accompanied by an adult. Children 13 and older who can not behave will be required to bring a parent.

child wears a life jacket you must accompany them in the pool. Bubbles, water wings/swimmies, and water tubes are not allowed.

To Our Pool Patrons:

All participants would like to benefit equally from using the pool for workouts. For this to occur in a productive way, all patrons need to behave in a considerate and cooperative manner towards each other. To help facilitate this as well as create a safe and more pleasant environment, some simple rules and premises are being established.

- 1) Speed of a lane is based on the fastest swimmer as well as the decision of management staff. If you are being lapped, you will be asked to move to a slower lane.
- 2) Kickboards and pull buoys may be used in any lane as long as you can keep up with the speed of the lane. Otherwise, you will be asked to move into a slower lane.
- 3) Circle swimming only, lanes may not be split. Swimmers should swim counter-clockwise regardless of how many people are in a lane.
- 4) Pool entry should be by pool ladders or by sliding in. Please do not jump or dive off ends as the pool is too shallow, and you may injure yourself as well as an oncoming swimmer.
- 5) Lifeguards and managers have the final say, and may revoke your swimming privileges if you fail to follow their directions.
- 6) If you are unsure of which lane is appropriate for you, please ask a guard for help.
- 7) If a guard requests that you switch lanes, please do not respond that you "have been swimming in that lane for years;" that is not relevant. The swimmer's speed is the measure of who belongs in a lane, and that varies on every visit.
- 8) Recreation patrons are not allowed off the diving blocks.

Thank you for your cooperation.

- 3) Please do not bring valuables to the facility as the City of Cambridge can not accept responsibility for patron's possessions, so please do not ask to leave valuables in the Office or at the Front Desk. It is also important that you bring a lock for your locker each time you use the facility.

Additional Information

Preference is given to Cambridge residents. Non-resident mail will be date-stamped and placement in a class will be made at the end of the two weeks of registration if space is available.

Confirmations will be mailed on June 6

Register as soon as possible to assure space in the class of your choice. Most classes have enrollment limits.

Scholarships may only be requested by mail during the two-week mail in registration period. Please remember to include all the proper documentation before you send in your request.

Please include a second choice for classes. If you have taken a class with us before, check the appropriate box. It will make your registration smoother. If you have changed your address since the last time you registered, please let us know.

Please write one check for every class you register. If a class is full, refunding you will be faster.

Please make checks payable to:

The City of Cambridge
